Destroyed the Steamer. A dispatch from Helsingtors, Finland, says that customs officials on Saturday discovered 660 carbines of Swedish manulacture, with bayonets, and 120,000 cartridges on a barren island in the Gulf of Bothnia, near Kerni. On Sunday morning a boat belonging to the customs service discovered a 300-ton steamer near Kalfskaer Rock, 20 miles outside Jakobstad.

The captain and members of the crew who spoke in English, declared that the steamer was fully loaded with rifles and cartridges, and thereupon the customs officials ordered the captain to take his vessel into port and discharge the cargo.

The ste-mer proceeded towards the shore, the customs boat going in the meanwhile to a nearby island. Sud-denly several explosions were heard from the steamer, and the customs officers on returning found the vessel sinking and returning found the vesser had been crew in lifeboats disappearing hurimpressed into service a number of fish-ermen, who unloaded most of the rifles and ammunition on the beach.

The steamer grounded in shoal water. Her name was painted over, only the letters "John Bash iton" being visible. American and German flags were found on board the vessel.

On the night previous to the discovery of the rifles and ammunition on the island near Kerni a fisherman, be declared, saw a small steamer cruising in a curious manner in the offing.

Repudiate Treaty. A mass meeting at Osaka, Japan, passed the following resolution without hindrance on the part of the police:

"The peace that has just been con-cluded between Russia and Japan for-feits the fruits of victory and sows seeds of future complications and danger. The government's high handed and unconstitutional measure has resulted in unexpected disturbances to the peace of the city in which the Mikado resides. The empire's honor has been soiled and the spirit of the constitution lost. Never has our country been brought to face greater dangers. Therefore be it

'Resolved, That we hope that the humiliating peace agreement will be broken and the government will resign." In accordance with established usages, the Cabinet ministers have presented an official statement to the Mikado explaining the necessity of instituting martial aw at the capital, and at the same time

Some of the pains which it most promptly and successfully cures, are rheumatism, neuralasking the imperial judgment as to whether they should remain in office or retire. The Emperor's reply, which was made yesterday, advises them to regia, headache, earache, toothache, sprains, burns, scalds, tain their respective posts.
